will operate on June 22 and 23, 1963

SINGLE ROOMS will be provided at the downtown Penn-Sheraton. How long has it been since you slept to the accompaniment of owl cars clicking through the specialwork? Double rooms are also available at a \$2 reduction from the prices quoted.

PCC interurban—equipped with pilot, horn, and baggage space—crossing a little trestle near Walther stop.

ON SUNDAY a car will start from the corner of 6th Avenue and Grant Street in downtown Pittsburgh at 9:30 AM, Eastern Daylight Time. A number of the more interesting lines will be covered and there will, of course, be opportunity to photograph various types of cars in service at junctions and meeting points enroute. Route will include a sampling of the single and double track, street running, side and center reservation, private right-of-way, and tunnel-and-bridge combinations that help to

make Pittsburgh a magical name for trolley fans.

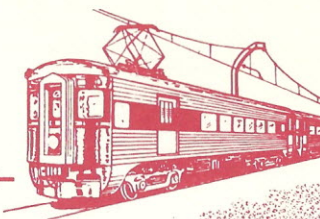

Pittsburgh Railways retains a few "conventional" pre-PCC cars for use in work service and still owns sweepers, cranes, and snow plows of the time-honored designs. There are even two PCC's converted for non-revenue purposes!

Our car will return to the P & L E station and other central points in late afternoon, making convenient train and bus connections for out-of-town destinations.

THE CHICAGO CONNECTION is via B&O express scheduled to arrive in Chicago at 7:40 AM, Central Daylight Time, on Monday, June 24th.

SURELY YOU'LL AGREE with those who have attended previous CERA weekends in Pittsburgh that you can't return too often to the 325 miles of Pittsburgh Railways.

Please reserve as soon as possible, either by full payment or \$10 deposit. The deposit cannot be refunded after June 7 unless trip is cancelled. Address Trip Director of:
