

MARQUETTE ROAD
BUSES NOW SERVING
CLEARING DISTRICT

TIMETABLE NO. 6
EFFECTIVE DECEMBER 10, 1956

CHICAGO
TRANSIT
AUTHORITY

EFFECTIVE Monday, December 10, 1956, CTA's Marquette Road bus line (Route No. 110) is extended westward about three-quarters of a mile into the Clearing Industrial District from the old terminal at Kostner Avenue and Marquette Road to a new terminal at 65th Street and Lavergne Avenue.

ADVANTAGES

The new service, which is established on a 90-day experimental basis, will provide a direct connection between the Loomis Station of the Rapid Transit System and nine factories with about 4,800 employes in the Clearing Industrial Area. It will also benefit people living near Marquette Road and Cicero who wish to reach the Loomis "L" station or the shopping center at 63rd Street and Ashland Avenue. In addition, a new transfer point with the Cicero Avenue bus line is established, enabling passengers from points on Marquette Road to ride north or south on Cicero with only one transfer instead of making three transfers via Pulaski and 76th Street or Pulaski and 63rd Street.

ROUTE AND HOURS OF OPERATION

During weekday rush hours, between approximately 6:10 A.M. and 8:50 A.M. and between about 2:45 and 5:50 P.M., alternate buses on the Marquette route will operate west in Marquette Road from Kostner Avenue to Cicero Avenue, north in Cicero to 65th Street, west in 65th to Lavergne Avenue, south in Lavergne to Marquette, thence east in Marquette for the return trip. Intervals between buses west of Kostner Avenue will range from 6½ to 15 minutes.

(See schedules and map on following pages.)
